Stephanie is aware of the timeline. I made some edits to the TOC this morning per her request.

Subject: WY RH - - next steps

Hi All

Hope you all had a nice weekend (I sure did!)

No doubt you all already have the next steps under control....just wanted to check in and see if you needed anything from us to meet the CD requirement (excerpted below) to get the final FR notice to OFR. Let us know if you need our help in any way.

And please let us know once the notice is submitted to OFR, as this is the last notice and action for this CD and once we hear from you I will notify DOJ.

Thanks!

CD Excerpt:

14. No later than ten business days following signature of the notice of any proposed or final

rulemaking referenced above, EPA shall submit the notice for review and publication to the Office of the Federal Register. Following such delivery to the Office of the Federal Register, EPA shall not take any step to delay or otherwise interfere with publication of such notice in the Federal Register.
